

Mr. Powell has great pleasure in sending
a Silver Dish, & Paper Book, of American manufac-
-ture, for the exclusive use of Master Burd, which
she requests his Lorenzo to accept for him as a testimo-
-ny of her attention, and love for them, and as an evidence
of the verity of her good wishes for the health, and fu-
-ture welfare of the dear Pledge of their happy uni-
-on. She sincerely hopes that he will perpetuate with
the Name of his Grandfather the virtues, and graces
of his character, so that he may prove a blessing to his
Relatives, and an honour to his Species.
